

BOARD & TRAIN

Information Pack

WELCOME TO PAWSNCLAWS BOARD & TRAIN

If you're feeling stuck, overwhelmed, or simply want a solid foundation laid for your dog's success you're in the right place. Residential training (or Board & Train) is about more than just convenience. It's about giving your dog the structure, consistency, and expert guidance they need to make real progress, while giving you the space to reset, reflect, and rejoin the process with clarity and confidence.

Each dog stays in a home environment, not a kennel block this is real-life training, woven into their day from start to finish.

WHICH PROGRAMME IS RIGHT FOR YOU?

Pet Dog Obedience Programme

For dogs who need clarity, structure, and better day-to-day manners. This programme is perfect for the dog who jumps on guests, pulls on lead, ignores recall, or just needs a solid refresh on the basics. It's not about it's about giving your dog the tools to live calmly and confidently in the world around them.

What Your Dog Will Learn:

- Reliable recall (even with distractions)
- Loose lead walking (heel)
- Sit, down & stay with clarity
- 'Place' command for calmness around the house
- Calm handling & general manners
- Intro to layered communication including lead pressure & e-collar (if appropriate and discussed)

Programme Details:

- Minimum 3-week stay (based on individual needs)
- £500 per week
- 1:1 Pre-Assessment – £50 (taken off the total if you proceed)

Behaviour Modification Programme

For dogs struggling with reactivity, aggression, or more complex behavioural issues. Whether it's barking and lunging on walks, guarding behaviours, or fearful reactions. These dogs need more than just training. They need decompression, insight, and structure. This is about unpicking the "why" behind the behaviour and building a new path forward for both of you. I will work with your dog daily to understand their thresholds, triggers, and coping mechanisms. It's not a rush job it's a reset.

Focus Areas May Include:

- Dog or human reactivity
- Aggression (fear or frustration-based)
- Anxiety-related behaviours
- Resource guarding
- Lead reactivity & over-arousal
- Building confidence & neutrality

Programme Details:

- Minimum 6-week stay
- £650 per week
- 1:1 Pre-Assessment – £50 (credited toward your programme)

WHAT MAKES THIS WORK?

A Home Environment

Dogs live in a structured home, not a kennel. They learn in real-life conditions with daily routines, house manners, and calm exposure to the world around them.

Repetition & Clarity

Training takes time and consistency. Here, your dog gets hundreds of reps in calm, clear sessions that build confidence, not confusion.

Full Insight Into Your Dog

Living with your dog lets me see the real patterns not just the surface behaviours. That level of insight helps build a lasting plan.

A Fresh Start for You Both

When your dog comes home, it's not just about new skills - it's a chance to step into a new, more confident version of your relationship.

NEXT STEPS & BOOKING INFORMATION
